EXPELLED STUDENTS OR STUDENTS WITH LEGAL INVOLVEMENT

CLC provides high levels of supervision, specifically focusing on significant behavior intervention, safety, and threat management. Mental health is more available than in a traditional school, however, we are not a therapeutic setting.

If a referral for a student on an IEP is being considered, please invite CLC staff to the student’s IEP meeting.

CLC is not a separate school placement for students on IEP’s.

Our Mission:
We are committed to identifying, intervening, and effecting change in students, guiding them to their success.

Decisions made by the CLC referral staff are individualized. Please see referral/transition considerations and checklist.
